Spontaneous Question

Question #

8

Correct Answer: E

multiple choices/ABCDE

In the web video, Professor Miller made all of the following claims EXCEPT

- A. Columbus' discovery is responsible for ushering in a completely and uniquely new age of world history.
- B. Before 1492, the Irish had never tasted a potato and the Italians had never used tomato sauce on their pasta.
- C. Most educated people in 1492 believed the earth was made of just three continents, Europe, Asia, and Africa.
- D. The cultivation of beans, squash, and corn changed everything about the lives of the Native Americans.
- E. All of these claims were, in fact, made by Professor Miller.

Spontaneous Question

Question #

9

Correct Answer: B

multiple choices/ABCDE
