The Videos On Andrew Jackson
by [Michael Krobatsch](#) - Saturday, January 26, 2019, 11:07 PM

First of all from what I can see these historians did not blatantly tell us which side they were on. One said that it was a "start" of a revolution but did not say straight out if it was or not. One historian said that the "common men" did want to increase there liberty but they also were in fear. I also liked how one of the historians, in closing, said that we all need to be honest not only with others but with ourselves!
