THE REPUBLICAN NATIONAL COMMITTEE

Dear PATSY,

With a shocking speech on the U.S. Senate floor, Senate Majority Leader Harry Reid showed just how desperate and divorced from reality the Democrats have become in their unrelenting quest to impose socialism on America's health care.

In bemoaning **Republican senators' opposition to the unprecedented Obama Democrat scheme to seize a fifth of our economy, impose hundreds of billions of dollars in taxes and trillions in new debt on our nation, and put Washington bureaucrats between Americans and their doctors**, Reid has gone way too far, and I quote:

"Instead of joining us on the right side of history, all the Republicans can come up with is, 'slow down, stop everything, let's start over.' If you think you've heard these same excuses before, you're right. When this country belatedly recognized the wrongs of slavery, there were those who dug in their heels and said 'slow down, it's too early, things aren't bad enough.'"

"When women spoke up for the right to speak up, they wanted to vote, some insisted they simply, slow down, there will be a better day to do that, today isn't quite right."

"When this body was on the verge of guaranteeing equal civil rights to everyone regardless of the color of their skin, some senators resorted to the same filibuster threats that we hear today."

If Harry Reid cared more about *real* health care reform needs -- like ending his

trial lawyer allies' massive fraudulent litigation costs -- than forcing his party's socialist pipe dream upon an unwilling American people, he might be tempted to apologize for his shameless, *and false*, accusations.

Don't hold your breath.

I'm not surprised that Harry Reid has resorted to such a laughably desperate attack on our Republican senators and the truth.

The Obama Democrats will go to any length to attain their leftist goal of controlling every facet of American life. He knows that the American people don't want to surrender their health care freedoms to Big Government.

Republican senators are on the side of the American people, who adamantly oppose the Obama Democrats' health care takeover -- and with your help, history will prove it.

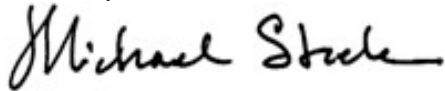

You and the RNC are all that stand between our sensible Republican plan for real health care reform and the **Democrats' scheme to take more of your hard-earned income to pay for two new unsustainable entitlements while making the quality of your health care worse.**

You can let Harry Reid know what you think of his poor understanding of history -- and his socialist health care takeover -- [by sending him a personalized e-postcard here](#).

Then help our Party's effort to break through the Democrats' desperate lies and the biased liberal media coverage with the truth about their radical health care takeover scheme and support GOP senators as they work to hold the Obama Democrats accountable to the American people, by [making a contribution of \\$25, \\$50, \\$100, \\$500, or \\$1,000 to the Republican National Committee](#) today.

Your gift will also help support the recruitment and election of principled candidates who will defeat the Democrats in 2010 and send Harry Reid back home to Nevada for good. Thank you.

Sincerely,

Michael Steele
Chairman, Republican National Committee

P.S.: PATSY, send [your e-postcard to Harry Reid right now](#). The RNC is working hard to hold back the Obama Democrats' desperate health care power grab -- please take this opportunity right now to support our fight against ineffective leadership and socialist legislation by making a [secure online contribution of \\$25, \\$50, \\$100, \\$500, or \\$1,000 to the RNC today](#). Thank you.
