First, be sure you have already listened to the American Soldiers Speak audio file and watched the American POWs video clip that were assigned in the class website. In this forum, we are focusing on the American soldier.

In 2007, a series of letters to the editor were published in the Register Guard Newspaper here in Eugene, Oregon. The topic was whether or not U.S. soldiers returning from service in Vietnam were ever spit upon by anti-war protesters. Some of the letters were from actual war veterans. I compiled these letters into a single pdf file which you will read. The file is called spitting.pdf and is located under the [Class Handouts](#) link.

You can also get it by clicking [here](#).

In this forum, you may also attach relevant images to your posts that will help you make your case. See the two help videos if you've never done this before.

The forum will be "open" for discussion when you can see my first post below.
