

Geographic Locations –FOR QUIZZES you will be expected to DRAW the following on a map. TO LOCATE **AND** STUDY THESE.....USE MULTIPLE sources: the wall map at the back of the classroom; an ATLAS from the Library (Building 18) or the Map room 405 Center, online. Text page 16; end pages; appendix a-7/8. **Ask in class** if you cannot find these.

MAP QUIZ 1. Week 2

General Locations and specific important degrees of Latitude or Longitude

Equator 0°, Tropic of Cancer, Tropic of Capricorn 23.5°, Prime Meridian, Arctic Circle 66.5°, Antarctic Circle. With these, identify a few key countries and features so you can draw lines accurately. Identify all Continents plus major Island landmasses (Greenland, Madagascar, Sumatra, Borneo, New Guinea, Japan's Honshu), and oceans (Atlantic Ocean, Pacific Ocean, Indian Ocean, Arctic Ocean, Antarctic Ocean (aka South Ocean)). **We will discuss/draw this in class.**

MAP QUIZ 2 Week 4ish Look for *possible pop* practice quiz week 3

Mountains/Highlands/Major Plateaus

Rocky Mountains (N.A.)	Andes Mountains (S.A)	Appalachian Mountains (NA)
Sierra Madres (Mex. C. Amer.)	Himalayas (Asia)	Tibetan Plateau (China)
Brazilian Highlands (S.A)	European Alps (Fr. Switz. Italy Aust.)	Pyrenees Mountains (Sp. /Fr.)
