

Hello FPD Committee,

I have attended conferences in the past and can be fully reimbursed AFTERWARDS, for ease and accuracy of amount.

My current FPD account balance is \$1971.28.

I have used all of the official per diem rates for food and lodging. The conference is being held at the Planet Hollywood hotel and I have taken advantage of an early (refundable) reservation to keep the price well below the approved per diem rate.

This PDF includes this short cover note, the two page LCC FPD application, hotel reservation, conference reservation price page, and finally, the website information for the conference.

I have also submitted a hardcopy of this same information to Leah Smith, in the Math Office (room 166) in Building 16

Faculty Professional Development Application Form – *Complete both pages before event.*

Applications including all supporting material must be submitted to FPD by designated deadlines prior to the conference/event date.

Event Name: 2019 eLearning Conference Event Location: Las Vegas, NV

Event Dates: February 10-13, 2019 FPD FOAP: 111100-475200-614450-21000

Activity Purpose: Outline the activity and what you intend to do at the event if granted Professional Activities funds. Please write at least one paragraph (more than 3 sentences) to explain what you will do, what sessions (or types of sessions) you plan to attend, etc. if awarded funding.

When considering conference attendance, I usually opt to stretch my FPD funds by choosing locations in the western United States. In 2019, the regional Instructional Technology Council on eLearning will be held close by in Las Vegas. In addition, it is always preferable to me to attend events that are recommended by trusted colleagues. As an instructor who has always used technology in the classroom, I am humble enough to admit that after a quick look at the conference agenda, I am falling behind in the rapid and relentless advance technological tools which have the potential to help students achieve academic success. I look forward to hearing the experiences of other instructors who will present at this conference.

Skills and Knowledge Gained: What new and improved skills and knowledge will you acquire through the leave, and how will these skills apply to your position at the College? Please write at least one coherent paragraph (more than 3 sentences) describing the specific skills and knowledge you will acquire from your leave if awarded.

It has been a very long time since I've attended any technology-based educational opportunity outside of Lane Community College. While I have enjoyed focusing my efforts on improving my courses, there comes a time to "check in" with the larger educational community. As an instructor, I pursue any opportunity that I have to improve the classroom experience for my students. As LCC is encouraging its instructors to consider increasing online class offerings, the timing of this conference is ideal. My own professional goal for this conference is to discover, adopt, and begin using newer, internet-based tools to increase the interactions between students and teachers that support learning. I look forward to the experience of temporarily being "a student" again and learning from the current experts in the field.

Did you submit hardcopy documentation such as conference brochure or online information? ☒ yes ☐ no, but I will within 1 business day.

I have spoken with my Division Dean: ☒ yes ☐ no Name of Dean: Phil Martinez

Note: Although not required, it is a good idea to inform you Division Dean of your award. It is assumed that you will make arrangements for someone to cover your classes in your absence even though the grant cannot pay for backfill. In most cases a colleague can cover your classes or another alternative solution can be arranged.

Helpful Hints:

- ☐ Per diem for meals can be found on www.gsa.gov/portal/content/104877 and search by the city you are traveling to. The travel day per diem is 75% of the regular day. Travel days are the days traveling to the event and back to Eugene.
- ☐ Rental cars must be pre-approved with the award so please explain your rationale for using a rental car in an e-mail. Approval is rare.
- ☐ The College reimburses for the least cost mode of travel only. If you drive instead of fly, please include documentation of airfare estimates. Reimbursement will be limited to the least expensive option. If driving is necessary, please include rationale in an e-mail.
- ☐ Award amounts may not be increased after committee approval so be sure to include ALL anticipated expenses in this application such as hotel taxes, resort fees, wi-fi, bag fees shuttles or taxis, required books, etc. It is recommended you overestimate a little.
- ☐ If your lodging rate exceeds the per diem amount for the event location, explain why in an e-mail (e.g. staying on conference hotel).

Items To Be Reimbursed Prior to Event:
